### Student Transportation

It is now required that all drivers transporting students, other than their own, to and from school events must be an **approved driver** as well as have a **current criminal record check** on file with the school. Students will not be permitted to travel with someone that does not meet these requirements.

Please contact the school for the approved driver form and to collect the paperwork needed to get your criminal record check.

### My School Bucks

There is now an option to pay any fees or make school purchases with a credit card through a program called My School Bucks. Parents can create an account which will give them access to our school's store. There is also a MySchoolBucks app that can be downloaded for convenience.

An email has been sent home to all parents with instructions on how to set this up if it is something that you would like to use.
